

EXHIBIT "A"

90.10.100(C)(2) Yard Requirements – Special Side Yard

Any addition or expansion of the first or second story of a home which utilizes a special side yard may be expanded only within a rectangular area formed by a projection of the outermost exterior walls of the ground floor, as constructed by the original developer. Any additions to the second story along the zero-foot setback side, including above the garage, shall provide a minimum five-foot side setback.
