

June 18, 2018
Project No. 108503001

Dear Resident,

This letter is to inform you that Ninyo & Moore will be performing drilling activities on southbound State Route 75 (Silver Strand Boulevard) near the south end of Tunapuna Lane. We will be collecting soil samples for the California American Water Strand Main Replacement Project. Our work will occur in the vicinity of your residence and you may hear noises associated with the coring and drilling operations during our work. Our drilling operations will occur between Tuesday June 26th and Friday June 29th between the hours of 9:00 pm to 5:00 am. The work near your residence will last approximately 4 hours.

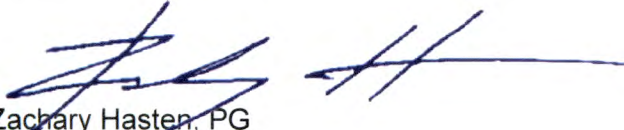

If you have questions regarding the drilling activities please feel free to contact our office at the number listed below. An after hours contact during our field work is listed as well.

Ninyo & Moore Office:
858-576-1000

After Hours (Zachary Hasten):
619-316-3174

We appreciate your understanding while we complete our work.

Respectfully submitted,
NINYO & MOORE

Zachary Hasten, PG
Project Geologist
